J. LESTOCK REID,  
By W. V. MacIsle, his Attorney.

## LOST.

On the 24th inst., between Town and the Presbyterian Cemetery, a small two link Chain, 12 yards long. The undersigned would be thankful to the finder by leaving it at his store.  
J. C. MACKENZIE.

## Season 1886.

## To Shippers

The Lake Steamers will leave Selkirk to connect with the Saskatchewan River Steamers at Grand Rapids on the 31st May 1886.

All Goods at Selkirk at this date awaiting shipment for the Saskatchewan will be carried to destination promptly. The Company (limited), through their Agent at Prince Albert, is prepared to make Special Rates for large shipments, and arrange for payments to meet requirements of their Patrons.

The best Passenger Accommodation in State Rooms, Table and Attendance is furnished on their Steamers.

For further information apply at the Hudson's Bay Company's Office, Prince Albert.

Prince Albert, Sask., 18th May 1886.

## MANITOBA.

## NELKIRK.

From the Herald.

The steamer Colville, on her outward trip had delightful weather, but was much embarrassed by dense smoke on Lake Winnipeg. We are told that the smoke arose from heavy fire in the woods on the outside of the lake.

A gentleman who had been all over Manitoba recently told. You can say that we are going to have a good crop in this country in spite of the drought. The yield will not be as large as it was thought it would be a few weeks ago when everything was exceptionally favorable to the growing of large crops, but in comparison to Dakota and Minnesota, Manitoba shows up well. My estimate is that the wheat crop will average twenty bushels to the acre.

## PORTAGE LA PRAIRIE.

From the Tribune-Review.

Wheat maturing well. Oats and barley light.

Sir John Macdonald will visit the Portage on his return from the east.

The Manitoba Milling and Brewery Co. shipped two car loads of fine logs from Ashcroft to Montreal lately.

A. L. Ashdown and Jimmie Robb are nursing a swollen wind and broken thumb respectively, as reminiscences of the day they played base ball.

## STONEWALL.

From the News.

The Rockwood Dairy Co. receive 5,349 pounds of milk daily.

It is expected that our election war will soon commence in earnest.

Some efforts have been made to induce J. H. Ashdown to contest Assiniboia in opposition to Speaker Murray.

Last Thursday the Sioux Lake cricket club came here to play the return match with our club, and were defeated by five wickets.

## TOWN COUNCIL.

The Council met on Monday evening. Present—Acting Mayor: Betts, Councillors: Bratnaber, Goodfellow and Brown. The minutes of the last meeting were read and adopted.

A petition was read from certain residents in the East End asking the Council to grant aid to H. Harrison who is sick and destitute.

From R. Gwynne asking for the necessary permission to erect Hay Scales on the river bank. Granted.

The Public Work and Health Committee were requested to look into the Harrison case.

The by law for imposing Fines and Penalties was read a third time.

The by law to License Transient Traders was read a third time.

The account for Corporation Seal was passed, and ordered to be paid.

The Council adjourned to meet on Saturday 14th inst., at 7:30 p.m.

The weather for some time past has been very smoky, and judging from our territorial exchanges, seems to be general.

Messrs. Louis Marion and Chaffee have been appointed fire guardians under the new Ordinance. We understand that further appointments are to be made, and hope that the guardians will do their duty and enforce the law without fear or favor.

Rev. Alfred Andrews of Qu'Appelle Station, and superintendent of the Regina district, Mrs. Andrews and Rev. H. Littlehales, are in town, and D. V. will hold divine worship in the Methodist church, (where the day school has been held) this evening at 8 o'clock, also on Sabbath at 11 o'clock a.m., and at 7 p.m. The Sacrament of the Lord's Supper will be administered at the close of the morning service. We understand that a minister is to be regularly settled in town, but cannot give the name this week.

## THE TELEGRAPH OFFICE.

Complaint has been made regarding the fact that the rules of the Government Telegraph Service require the operator in charge of this station to go out repairing, which necessitates the closing of the office, causing delay to important dispatches, these interruptions usually occurring when the line is most needed. Judging from our population and the business done, this the most important point touched by the Government Telegraph line, and any difficulty in the way of speedy communication that might be avoided should not be permitted to occur.

Circumstances connected with the sudden, unceremonious departure from here three years ago, of an official connected with the above service, no doubt so prejudicial that individual against the people of Prince Albert, that the thought of contributing in any way to their accommodation beyond what he is really obliged to do, is repulsive to him, still we believe the intention of the Government is that the line should be as efficient as possible. Acts of retaliation however petty, within the bounds of what little authority he possesses, though they might be more relaxed by the official referred to, than the idea of interesting himself on behalf of the Prince Albert people, we consider it to be his duty as a public servant to acquiesce into the wants of the telegraphing public. We know of no other office except repairing stations, where the operator in charge is required to do repairing, though no other Government telegraph office in our opinion, has as large a patronage as that of this place.

ATTENTION TO MOTHERS.—Are you distressed at night and broken up by your rest by a sick child suffering and crying with pain of cutting teeth? Have you tried all kinds of medicine without success? Buy a bottle of "Mrs. Winslow's Soothing Syrup" for children's teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures Wind Colic, softens the bowels, reduces inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children's teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Beware of cheap imitations. Buy only "Mrs. Winslow's Soothing Syrup" and take no other kind.

## CHIT-CHAT LOCALS.

Gathered by our Reporter.

Pure Lime Juice at Clark's Drug Store

The Rev. John McKay arrived in from Missawamis' Mission on Monday evening.

Mr. W. Faucett, builder, secured the contract for alterations and additions to the Mission chapel.

Messrs. Brown and Peard are hard at it on the brick work of Mr. R. Gwynne's new dwelling on Third Street.

Indelible Ink, Corn Cure, Insect Powder, Chlorate of Potash Tablets, Acid Phosphates, for sale by T. E. Jackson.

Dominica Brand of Lime Juice is one of the purest and best refined on the market. For sale at Clark's Drug Store.

Mr. A. W. R. Markley left for Winnipeg by last mail on business connected with the Confederation Life Association of Canada.

We notice in an exchange that our old townsman J. J. Campbell has been appointed to an Indian Agency in the British district.

A fresh supply of the Montserrat Lime Fruit Juice—the purest and finest flavored in the market—just received by T. E. Jackson.

Delumination Insect Powder. It will kill cockroaches. It instantly destroys fleas, louse upon plants, flies etc. For sale by A. H. Clark.

Parties wanting young pigs, can procure them from Alex. Standfield, Red Deer Hill, or by leaving their orders at The Times Office.

The brick work on the new Courthouse and Jail is being rapidly pushed forward. The joists for the second floor will be placed in position this week.

Hurd & Baker have completed the putting together and placing in position of a set of hay scales for Mr. R. Gwynne opposite the store of Betts & Gwynne.

The Marshall brothers are offering for sale their property consisting of the two dwelling houses and lots on First Street and the lot and building on Second Street, near the residence of Mr. James Sinclair.

During last week we had the pleasure of a trip out in the country, and in view of the crops came across some beautiful fields of grain, notably a forty acre field of wheat belonging to Mr. Murdoch McEae, which was all ready for the reaper, also a similar field of oats which was nearly ripe. Mr. McEae is one of our many enterprising farmers who, by care and attention to his farm is bound to reap a harvest if such is within the limit of ordinary years.

We are pleased to see that St. Mary's church, near Roundhead Hills, has undergone several changes both inside and outside, which make a great improvement both in appearance and comfort. It has been sided on the outside and wainscoted very neatly on the inside. The old windows have been removed, and their places filled with Gothic ones, which give to the church an ecclesiastical appearance. Last Sunday two ordinations took place in this church, and on Wednesday the meeting of the Synod was held, an account of which will appear in our next issue.

On Monday night last another meeting was held in St. Paul's Presbyterian Church. The attendance was considerably larger than at the previous one. Dr. Bain was appointed chairman, and conducted the meeting in a manner satisfactory to all present. The minutes of the previous meeting were read and adopted. After some discussion, and the reading of the motion of the previous meeting, a motion was moved and carried on division, that the numerously signed petition be sent to the Regina Presbytery asking them not to accept Rev. Mr. McWilliam's resignation, as a majority of the congregation are in favor of his remaining here. The Secretary was instructed to write the Presbytery that said petition would be forwarded by next mail.

Ladies' Shoulder Boxes at Clark's Drug Store.

FRIDAY, AUG. 6, 1886.

"NORTHWEST FIRST."

Some time ago an article appeared in the editorial columns of this paper having for its text the expressed opinion of the Lethbridge *News* that "Northwest First must be the sheet anchor of any candidate who hopes to weather the storms of a territorial election contest successfully," in which we took the opposite view, contending that "the Dominion first should be the cry of every true Canadian, be he Liberal or Conservative." Replying in its issue of the 22nd ult., to our remarks, the *News* claims that we misrepresented its views, while it agrees with all we had to say on the subject, and goes on to explain that "what the *News* meant by Northwest first is not Northwest before the Dominion, but Northwest before party—Northwest first and then Conservative." But how a man having clear and decided views on the great questions of the day, and, as a consequence, having "to take his stand with one or other of the great political parties," can subscribe to the doctrine Northwest before party, not before country, when principles make parties, and parties give effect to principles, is more than we can understand. Besides, wherein lies the difference between these two declarations on the part of the *News*, since party government is the order of the day, and the motto of the true party man is "with the party, by the party, for the country?" Surely, if we were not justified in making the comments we did on its first declaration—if there was a reason

able doubt as to the correctness of our interpretation of its meaning in the first instance—there can be no mistake now, since it places the Northwest before party, which means just what we said before, that principles with the *News* go for nothing, that the Dominion Government, no matter how able, no matter whether Reform or Conservative, Free Trade or Protectionist, no matter what ally to the Dominion should be the result, must be voted out of power if by so doing the Northwest will be benefited thereby.

Surely the Lethbridge *News* does not mean what it says, as we should be sorry to think it would be not only so lost to sense of honor and dignity, but so cruel, as to think seriously of sending to Ottawa as our representatives men who, while there, according to its own ideas, "must hold decided views," and "belong to one or other of the great political parties," will be compelled to swallow their principles—make political seatgeats of themselves and their constituents—when any advantage is to be gained to the Northwest, for in our opinion, there is no such thing as placing Northwest before party and adhering to principles at the same time. The *News* instead of forcing itself from the charge of lack of broad national sentiment to which it left itself open has only succeeded in making it more apparent.

At the next meeting of the British Association in Birmingham, John Lowe, acting deputy minister of agriculture, will read a paper on immigration, specially referring to the influx of the Northwest.

Mr. J. B. Williams, C. E. of Quebec leaves for the west to look after navigation improvements on the North Saskatchewan. Last season he made a trip down the river from Edmonton and took soundings as to the state of the river. This season he will be engaged removing the rocks from the river at the head of Cold Falls, a short distance above the forks, on the north branch. The Dominion Government have placed \$15,000 in the estimates for this work.

The emigration from Great Britain to Canada continues to increase substantially. In the month of June the number reported as having departed for the Dominion was 4,222; as against 3,665 in the corresponding month last year, and in the first half of this year 15,356 persons sailed from the United Kingdom to Canada, or 2,579 more than in 1885. The increase is largest in the outflow from England. Australia, on the other hand, is not doing so well this year as Canada in securing immigration from the mother country.

We learn that Mr. Murdoch, C. E., and his brother went out with the Colville, to Grand Rapids, to survey the Mossy Portage in order to locate a canal from Cedar Rapids to Lake Winnipegosis. By having a canal at that place, steam boats would be able to run direct from the Saskatchewan River to Lake Winnipeg, thereby saving transhipment at the Grand Rapids. The route then would be from the Saskatchewan River to Cedar Lake, from thence by canal to Lake Winnipegosis, and then into Lake Manitoba, thence into St. Martin's Lake, from whence they would descend the Little Saskatchewan River into Lake Winnipeg.—*Sellink Record*.

The Winnipeg *Sun* says: It has already been announced by wire that the Prince of Wales will visit

Australia next year on the occasion of the Adelaide jubilee exhibition, and also that the trip will be made via the Canadian Pacific. This latter plan of action does not seem however, to have been decided upon, as it appears in the Canadian *Gazette* in the form of a recommendation. It certainly is to be hoped His Royal Highness will find it convenient to make the journey at least one way through Canadian territory. It is some twenty-five years since he last paid a visit to Canada, and since that time very great progress has been made. Of the Canadian Northwest and British Columbia he knows absolutely nothing by practical experience, and his ideas even of Eastern Canada must be rather confused. The information he would glean of the extent and resources of the Dominion by making such a trip could not be otherwise than valuable, while the appearance of the future king in their midst would be sure to provoke wild enthusiasm on the part of Canadians.

PICNIC.

A picnic was held on Friday the 23rd ult., in the parish of St. Catherine's, under the auspices of the trustees of the school. It was a good picnic, and will have good influences. In the old country, picnics were got up by a few friends to get away from the crowd, and have a good time by themselves. Here they are got up to bring people together, so that they may get acquainted. This is as it should be. In a new country filling up with different races and creeds, jealousy too often creeps in, but when facilities are given to meet on a common level, socially, they become known to each other, and find out that all are human, and there is not so much difference among people after all. This creates a unity of feeling and a desire to support all institutions which will tend to the goodness and greatness of our common country.

Picnics are therefore good things, and this particular one of St. Catherine's was eminently so. Wagons, huckboards and buggies, luggies, huckboards and wagons! Baskets! baskets! baskets! Men and women, boys and girls, with hearty talk and smiling faces, crowded to the school where Capt. Craig, the Rev. Mr. Matheson and the teacher, Miss McGregor, introduced us to a schoolful of interesting children, who, led by their teacher, gave us some very sweet singing. Then wagons were got and the scholars—

"Jumped into the wagons  
And they all took a ride."

And were it happy? We then ascertained the high fall of (I was going to say Bagdad, but that will hardly be the name of it) on the top of which stands the parish church and churchyard, suggestive of the soaring nature of the St. Catherine mind, where were swings and swings—good ones too, male and female, old and young, and the genial face of George Baker, welcoming us to his bower hall where tables were set groaning under the good things of this life. Handsome ladies graced the hall with their presence, and their efforts under the superintendence of Mrs. Craig and Mrs. Kennedy, to put things right, were appreciated by all. Tunes after table was replenished till some three hundred men, women and children were contented, and perfectly satisfied that there were some good things in the Northwest yet. Then strolls and talk became general. Old friendships were renewed, and strangers became acquaintances.

An amusing feature of the day was, the Rev. Mr. Matheson singing sweeties by the way side on the huckster hill. The birds of the air did not pick them up, but Miss McGregor's scholars answered just as well. They seemed to like that kind of grain. Then we had more singing and appropriate addresses to the scholars by Capt. Craig, O. E. Hughes, Rev. Canon Flett, Rev. Mr. Matheson and Mr. A. Spence. More walking more talking, and more refreshments.

Then there was dancing in the house on the hill, and dancing in the house in the vale, dancing on the right and dancing on the left, all went—

"O Merry as a marriage bell."

In short, St. Catherine school picnic was a perfect success, and a day that will long be remembered with pleasure. W. G.

SHERIFF'S SALE OF LANDS.

Under and by virtue of a writ of *Fieri Facias de Terris* issued out of the Saskatchewan District Court, Prince Albert Division, on the Thirtieth day of March, A.D. 1886, at the suit of James MacArthur and Joseph Knowles against James Treston, and to me directed, I have seized and taken in execution as the property of the said James Treston, all the right title and interest of the said James Treston in and to all those parcels or tracts of land and premises situate, lying and being all the Town Lots in Block 4 between 12th and 13th streets; Town Lots 4 in 10, both inclusive, in Block 8, between 11th and 12th streets; Town Lots 4 and 6 and 21 to 22, both inclusive, in Block 8, between 10th and 11th streets, according to a plan of survey of River Lot 77, of the Prince Albert Special Survey made by Alexander Sprout, D.L.S., dated July 20th, 1884.

And I do hereby give public notice that I will, on SATURDAY, the 20th day of SEPTEMBER, A.D. 1886, at twelve o'clock, noon, at the Sheriff's Office, Prince Albert, set up and sell at public auction the said property, or as much thereof as will satisfy the levy marked on the said writ, being seventy-three dollars and thirty cents, and interest thereon from the 15th day of December, A.D. 1884, at six per cent., besides sheriff's fees and all incidental expenses.

Sheriff's Office, Prince Albert, 1 July 1886.

# SCHOOL EXAMINATION AND PICNIC.

On the 16th ult. a public examination was held at St. Andrew's School, South Branch, and the occasion was happily taken advantage of by the trustees and residents to organize a picnic for the entertainment of guests and visitors. Mr. Andrew Spence, chairman of the school trustees, presided with much tact and untiring good nature.

The examination was held in the school house which, though of no mean dimensions, was wholly inadequate to accommodate the large number of friends who assembled to do honor to the occasion. Under some little disadvantage from overcrowding, Mr. Leonard put the different classes through their various exercises in excellent style. It is not our intention to lengthen out our remarks by any special notice of individual prominence amongst the pupils. Suffice it to say all the visitors present were more than satisfied with the high state of efficiency of the school as a whole. In all the classes even a casual observer could not fail to notice constant evidences of care on the teacher's part and of thoroughness in his system, while the pupils (and there are over fifty on the roll) showed themselves bright and smart, and intelligently alive to their work. The reading was characterized by careful attention to punctuation and capital intonation, while the custom of allowing the pupils to examine each other on the lessons of the day was an evident source of interest to them all and is a valuable educational factor besides. The senior classes showed very fair progress in arithmetic and geography and evinced a considerable knowledge of the elements of grammar, which was all the more creditable both to teacher and pupils when we consider the instruction in this branch has hitherto been given orally alone, no class-book having yet been in use. Writing was judged by a committee of experts chosen from among the visitors. All the work was pronounced very good, and the prize specimens would have done honor to any school. A special feature in the day's proceedings was the recitations, in which pupils in all the classes took part. The pieces selected were in good taste and were very effectively rendered. As indicating the interest taken by Mr. Leonard in every department of his work, we may be pardoned for mentioning that a little piece of Scottish poetry spoken by two young ladies who had never been within five thousand miles of the old country, was given so carefully and so very correctly that we, as lovers of "the grand old Doric of the northern tongue," felt for the moment quite carried away from that bold escarpment overlooking the South Saskatchewan to the days of other years and the "hanks and braes" of our native land.

We do not know whether at this stage of the proceedings the chairman observed us becoming sentimental, but sure enough at this very point he called us from labor to refreshment! An excellent luncheon was provided in a large booth or arbor forming an agreeable, airy and shady dining-room. Luncheon having been done ample justice to, the examining portion of the large company reassembled in the school room where the pupils under the leadership of the Rev. E. K. Matheson, Incumbent of St. Andrew's, entertained the audience with a specimen of their singing powers which was greatly appreciated.

The chairman then, in bringing the examination to a close, addressed a few interesting and appropriate observations to the pupils and their parents, and after warmly thanking the guests and visitors for their presence and countenance, he called upon Capt. Craig of St. Catherine's who, speaking on behalf of the guests, expressed the great pleasure they all had in being present, and proceeded shortly to review the day's work in detail referring in terms of commendation to the results of the examination in all the departments. He had long known Mr. Herron's many qualifications for the duties of his important office, but not till that day had he been aware of the extent to which he had been able to impart his ample stores of knowledge to his youthful charges. He heartily congratulated the trustees, the parents and the pupils alike on possessing such a teacher, and the teacher in having the oversight of such a class of bright and apt scholars. The proceedings of the day had been thoroughly interesting and agreeably diversified, and in the name of the guests he asked the trustees and the committee to accept their cordial thanks for the pleasant entertain-

ment they had been allowed to participate in, which, while it reflected the utmost credit on the promoters was, he assured them again, fully appreciated by all the visitors.

Mr. Hugh Rogers of Red Deer Hill, next addressed the meeting in a short and neatly turned speech, pleasantly delivered and well received, after which Mr. Alex. Stanfield, in a few sentences, disclaimed, with characteristic modesty, all notion of being regarded as a public orator, but at the same time expressed his entire sympathy with the remarks of the previous speakers.

The Rev. Mr. Matheson then briefly and good humoredly moved votes of thanks, firstly to Mrs. Spence and the ladies who had assisted her in the cooking department, which was passed with enthusiasm, and then in succession to Capt. Craig and the visitors, to Mr. Spence and the trustees, to Mr. Brown and the committee, and lastly and specially to Mr. Spence as chairman. All these having been duly recognized the examination proceedings terminated by the whole company joining in the Queen's Anthem, the pupils telling it out with a vigor and fervor which showed there were no little rebels being raised in the parish of St. Andrew's.

An adjournment now took place to the open air where a part of the company who could not find accommodation in the school had been carrying on outdoor amusements with great zest and perseverance, and while some smoked the pipe of peace or conversed in friendly groups, the inspiring strains of the fiddle were heard and the younger members of the company were soon gaily "tripping it on the light fantastic toe" under the leafy shade of the ample booth. Hours after this, when the shadows, lengthening on the prairie, warned us to turn our horses' heads towards the setting sun, they were still footing it bravely, and when we took the homeward trail and the last strains of the lively music died upon our ears, we thought we had spent few happier days in the Northwest than this sixteenth of July at St. Andrew's School.

## TERRITORIAL NEWS.

### BATTLEFORD.

From the Herald.

Sixty tons of Edmonton coal have been delivered at the Industrial School.

The great thirst dance of the Blackfoot took place at Blackfoot Crossing.

Terribly destructive bush and prairie fires have for some time been devastating the country in the neighborhood of Pitt.

The beef contract for the mounted police at this post for the current year has been awarded to T. Gallagher & Sons, Winnipeg, at ten cents a pound, a fall of nearly thirty per cent since last year.

### EDMONTON.

From the Bulletin.

The Travis commission closed at Calgary on July 3rd.

J. Shields has resigned his position of farm instructor on "Pa-pa-sta-ow" reserve.

The mining show is now working at Bernard's slough, fifteen miles up the river.

Crops are reported excellent in all parts of the district, and much more forward than usual at this season.

A. Begg, of Dunbow ranch, near Calgary, has announced himself as an Alberta candidate for the commons.

The air has been very smoky during the week, especially the last few days. Where the smoke comes from is a mystery. It may be from timber burning in the mountains.

### CALGARY.

From the Herald.

Citizens will do well to take note that there are a number of counterfeit silver dollars in town. Lead dollars are almost as good as silver to look at, but as currency they are not up to the standard.

The town was visited last evening by a pretty severe hail storm, though not so severe as further north. The rain accompanying it did much good to farmers and gardeners.

Rev. Mr. McDougall, of Morley, will leave for Toronto, in August, to attend the Methodist conference. Chas. Samson, Paken, and Ben's Paw, will accompany him on the trip.

## BLACKSMITHING

LEESON & SCOTT.

ADVICE TO MOTHERS. Are you distressed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for children teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Beyond upon it, others there is no mistake about it. It cures Dysentery and Diarrhoea, soothes the stomach and bowels, cures Wind Colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Beware and ask for "Mrs. Winslow's SOOTHING SYRUP," and take no other kind.

# TELEGRAPHIC.

THE VERY LATEST NEWS BY WIRE

(By Special Telegraph.)

WINNIPEG, July 30.—James Macginn, employed by the O'Leighlin Bros., agents for the Hamilton Powder Company, was blown to pieces by the explosion of some fulminate of mercury he was handling.

Rev. John McDougall has taken two Indian chiefs with him to attend the Methodist General Conference.

James Ashdown has been asked to stand as third candidate for North Winnipeg.

A cable dispatch says that the pretext for Sir Charles Tupper's departure is that he may consult the Canadian Government respecting the proposal to continue the Colonial exhibition.

The despatch states that an interview with Sanford Fleming, published in London, points to the probability of success in the attempt to establish direct telegraph communication between Great Britain, Canada and Australia. The Imperial Government has been approached and agreed to grant a subsidy, which will enable some influential company to lay the cable from Vancouver to Brisbane and Queensland or Sydney, New South Wales, via the Sandwich Islands.

The following additional appointments have been officially announced: Lord President of the Council, Viscount Cranbrook; President of the Board of Trade, Hon. Edward Stanhope; First Commissioner of Works, Rt. Hon. Mr. Plunkett; Postmaster General, Lord John Manners; Home Secretary, Henry Matthews; Secretary for Scotland, Rt. Hon. Arthur Balfour; Chancellor of the Duchy of Lancaster, Lord John Manners; Secretary of the Treasury, Mr. A. Akers Douglas; Attorney General of Ireland, Rt. Hon. Hugh Holmes, Q.C.; Solicitor General of Ireland, John Gregory Gilson, Q.C. Great opposition in Ireland to Londonderry's appointment as a Liberal indicates coercion.

The Canadian Pacific Telegraph Company has made a twenty-five year contract with the Postal Telegraph Company and the McKay Bennett Cable Company. Arrangements have also been made to connect with the Baltimore and Ohio system throughout the United States.

WINNIPEG, Aug. 2.—A joint circular has been issued by the Manitoba, road and Canadian Pacific, relative to the opening of a new route to the Pacific, with the fare from St. Paul to Vancouver and return, from \$69 to \$79.

Hon. Thos. White is in town and will be here for several days. While on the Pacific Coast he arranged with the British Columbia Government to administer lands given to the Dominion for the Island railway, organized a Land Department and straightened out other matters.

It is reported that Supt. Egan intends transferring his services to an American road.

More Orange and Green rioting occurred at Belfast yesterday. Conflicts occurred between the police and mob. The police fired on the mob. One man was killed and many others injured. Over forty arrests were made.

Abbe Franzlmetz, the great Hungarian composer, is dead.

The Governor of Newfoundland denies the reports of starvation in that country and Labrador.

Wreckers are now at work on the lost steamer Algoma. They report their belief that the bodies of the passengers were robbed by islanders and sunk in the lake.

The first meeting of the new cabinet has been held. It is said the Irish policy will be liberal, and drawn by Churchill.

Governor Dewdney has been confined to his room and bed for several days past, with an attack of lumbago. Under Surgeon Jukes' care he is improving, but slowly.

Permission has been granted the C. P. R. to sell wine and beer on dining cars to passengers, while taking meals passing through the territories.

Archbishop Tachet is seriously ill in Montreal.

A report is current in Tory circles in Ottawa that Sir Charles Tupper, who is now crossing the Atlantic, will resign his commissionership and re-enter the cabinet.

Several additional inspectors are to be appointed in the Northwest Mounted Police. Charles Constantine, of Winnipeg, chief of provincial police, is likely to be one.

Intelligence has been received that Newfoundland has asked England for men-of-war to enforce the fishery treaty of 1818.

WINNIPEG, Aug. 4.—The Liberals now have 29 candidates nominated for the local legislature, and the Conservatives 27.

Intelligence has been received of the sinking of the steamer Marquis of the Winnipeg and Western Transportation Co., 150 miles below Prince Albert, no particulars received.

The Synod of the Diocese of Rupert's Land will meet in Winnipeg to-morrow.

It is understood that J. M. Egan, of the Canadian Pacific is to be appointed General Superintendent of the St. Paul and Manitoba Road, and to be succeeded by Easting of the Chicago, Milwaukee and St. Paul Road.

The steamer Gaudaur sailed for England yesterday to meet Beach.

Snow fell in some portions of the Eastern States yesterday.

The remains of Abbe Lizez, the great composer, was interred yesterday.

Herbert Spencer is seriously ill.

The London police are said to be informed of Irish and Russian dynamite plots against the English Government.

The iron yacht Yosemite has been purchased by the Canadian Government from Koch, the New York ship builder for the fisheries protection service.

The change of government in England was effected yesterday.

Lord and Lady Aberdeen yesterday were the recipients of a wild demonstration by the populace on the occasion of their departure from Ireland.

Hon. Thos. White leaves for Ottawa on Friday.

It is reported that Sir Charles Tupper will enter the Ottawa ministry as a successor to McLellan.

## OUR DAILY BREAD.

Heavy and sour bread or biscuit have a vast influence through the digestive organs upon the measure of health we enjoy. How important to our present happiness and future usefulness the blessing of good health and a sound constitution are, we can only realize when we have lost them, and when it is too late to repair the damage. And yet, notwithstanding these facts, thousands of persons daily jeopardize not only their health, but their lives, and the healths and lives of others, by using articles in the preparation of their food the purity and healthfulness of which they know nothing. Perhaps a few cents may have been saved, or it may have been more convenient to obtain the articles used, and the housekeeper takes the responsibility and possibly will never know the mischief that has been wrought. Pater familias may have spells of headache, Johnny may have lost his appetite, Susie may look pale; if so, the true cause is rarely suspected. The weather, the lack of outdoor air, or some other cause, is given, and the unwholesome, poisonous system of adulterated food goes on. Next to the floor, which should be made of good, sound wheat and not ground too fine, the yeast or baking powder, which furnishes the rising properties, is of the greatest importance, and of the two we prefer baking powder, and always use the Royal, as we thereby retain the original properties of the wheat, no fermentation taking place. The action of the Royal Baking Powder upon the dough is simply to swell it and form little cells through every part. These cells are filled with carbonic acid gas, which passes off during the process of baking.

The Royal is made from pure, grape acid, and it is the action of this acid upon highly carbonized bicarbonate of soda that generates the gas alluded to; and these ingredients are so pure and so perfectly fitted, tested and adapted to each other, that the action is mild and permanent, and is continued during the whole time of baking, and no residue of poisonous ingredients remains to undermine the health, no heavy biscuits, no sour bread, but if directions are followed, every article prepared with the Royal Baking Powder will be found sweet and wholesome.

The mail arrived in on Monday morning at 11 o'clock. Mr. Scott, mail contractor, of Qu'Appelle, also arrived by mail stage.

**ROYAL**  
  
**BAKING POWDER**  
**Absolutely Pure.**

This Powder never varies. A measure of strength and wholesomeness. More economical than the ordinary kinds and cannot be sold in competition with the multitude of low tests, short weight, alum or phosphate powders. Sold only in one.

ROYAL BAKING POWDER CO. 106 Wall St. N.Y.
